1. PRODUCT AND COMPANY IDENTIFICATION

Product name : DANISARABA 20SC
Manufacturer : OAT Agrio Co., Ltd.
Address : 1-3-1 Kanda Ogawa-machi, Chiyoda-ku, Tokyo 101-0052, Japan
Phone : +81-88-684-0220 (Quality Assurance Section, Japan)
FAX : +81-88-686-7055 (Quality Assurance Section, Japan)
Emergency phone No. : +81-3-5283-0256 (Head Office, Japan)
Product No. (SDS No.) : OAT0175E-6

2. HAZARDS IDENTIFICATION

GHS Classification
- Health hazards
  - Acute toxicity (Oral) Not classified
  - Acute toxicity (Dermal) Not classified
  - Acute toxicity (Inhalation/mist) Not classified
  - Skin corrosion/irritation Not classified
  - Eye damage/irritation Not classified
  - Skin sensitization Not classified

- Environmental hazards
  - Hazardous to the aquatic environment, acute toxicity Category 3

GHS label elements
- Symbol No symbol
- Signal words No signal word
- Hazard statements Harmful to aquatic life H402
- Precautionary statements
  - Prevention Avoid release to the environment if this is not the intended use. (P273)
  - Disposal Dispose of contents/container to in accordance with local regulations in your country. (P501)

3. COMPOSITION / INFORMATION ON INGREDIENTS

Substance/mixture : Mixture

4. FIRST-AID MEASURES

Inhalation
- Move person to fresh air.
- Have victim lie down and keep quiet.
- If victim is not breathing, start artificial respiration, preferably by mouth to mouth.
- Call a poison control center or doctor for further treatment advice.

Skin contact
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water.
- Call a poison control center or doctor for treatment advice.

Eye contact
- Immediately flush eyes with copious amounts of water for at least 15 minutes.
- Remove contact lenses, if present, after the first 15 minutes, and then continue rinsing eyes.
- Call a poison control center or doctor for treatment advice.
Ingestion
Have victim rinse mouth thoroughly with water. Have victim drink 240 to 300ml of water, and induce vomiting. Get medical attention immediately.
Do not give anything by mouth to an unconscious person.
Note to physician
No specific antidote. Supportive care.
Treatment based on judgment of the physician in response to reactions of the patient.

5. FIRE-FIGHTING MEASURES
Extinguishing Media
Use water fog, carbon dioxide, dry chemical or foam
Specific Hazards with regard to Fire-Fighting Measures
Keep people away. Isolate fire area and deny unnecessary entry.
Under fire situation, some components of this product may decompose.
The smoke may contain unidentified toxic and/or irritating compounds.
Specific fire-fighting measures
In fire situations involving the surrounding area, move container to safe place if you can do it without risk, or cool the product down with plenty of water.
Protection of fire-fighters
Wear positive-pressure, self-contained breathing apparatus (SCBA) and protective fire-fighting clothing (includes fire-fighting helmet, coat, pants, boots, and gloves).
If protective equipment is not available or not used, fight fire from a protected location or safe distance.

6. ACCIDENTAL RELEASE MEASURES
Measures for Handling Personnel
Wear appropriate personal protective equipment (refer to Section 8) during clean up.
Avoid contact with eyes and skin.
Measures for environmental effects
Do not entry into water way.
Measures when handling spilled substances
For small spills, wipe away the spilt.
For large spills, dike spilt to prevent spreading. Absorb spilt with inert material (e.g., dry sand or earth), then place in a chemical containers for later disposal.

7. HANDLING AND STORAGE
Handling
Care should be taken in handling this product to avoid contact with the eyes.
If there is a possibility of inhalation or accidental contact with the eyes, wear goggles or suitable eye shield and a recommended respirator.
Exhaust ventilation should be designed and installed so that, as far as reasonably practicable, exhaust air is properly treated and is not re-circulated into a workplace.
Wash thoroughly with soap and water after handling and before eating, drinking, or smoking.
Remove contaminated clothing and wash with soap and water before reuse.
Follow good industrial hygiene practices for ventilation and clean up.
Storage
Store in a well-ventilated place.
Tightly closed.

8. EXPOSURE CONTROLS / PERSONAL PRECAUTION
Engineering measures
Mechanical exhaust and/or local exhaust are necessary when use indoor.
Adopted value
TLVs are specified by ACGIH for some ingredients.
Personal protective equipment

- Respiratory protection: Appropriate respirator which is approved or made according to a standard approved by the relevant national body for health and safety.
- Hand protection: Rubber gloves
- Eye protection: Safety goggles
- Skin and body protection: Clean body-covering clothing, boots and apron which do not soak this material.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical properties
- Appearance: An opaque liquid
- Color: White-milky color
- Odor: Low odor
- pH: 7.5–9.5 (20°C)

Phase change temperature
- Boiling point: Not determined
- Melting point/Freezing point: Not determined
- Decomposition temperature: Not determined

Flash point: Not determined
- Ignition temperature: Not determined
- Vapor pressure: Not determined
- Vapor density: Not determined
- Specific gravity/Density: 1.05–1.10 (20°C)
- Viscosity: 200–600 mPa·s (20°C)
- Solubility: Not determined
- Solubility in water: Not determined
- Octanol/water partition coefficient (log Pow): Not determined

10. STABILITY AND REACTIVITY

Stability
- This product is stable under normal conditions of storage.

Conditions to avoid
- Conditions which may cause dangerous reaction are not known.

Incompatible materials
- Materials which may cause dangerous reaction are not known.

Hazardous decomposition products
- Some components of this product can decompose at elevated temperature.
- Hazardous decomposition products depend upon temperature, air supply, and the presence of other materials.

11. TOXICOLOGICAL INFORMATION

Acute toxicity
- Oral LD₅₀: >2000 mg/L (Male and female rats)
- Dermal LD₅₀: >2000 mg/L (Male and female rats)
- Inhalation LC₅₀: >5.01 g/m³ (Male and female rats)

Skin corrosion/irritation
- Very slight irritation (Rabbit)

Eye damage/irritation
- Minimal irritation (Rabbit)

Sensitization
- Skin sensitization: Negative (Guinea-pigs)

12. ECOLOGICAL INFORMATION

Ecotoxicity
- LC₅₀ (96hrs): 320 mg/L (Carp)
- EC₅₀ (48hrs): 31 mg/L (Daphnia magna)
- ErC₅₀ (24-72hrs): >460 mg/L (Pseudokirchneriella subcapitata)
- EbC₅₀ (0-72hrs): 280 mg/L (Pseudokirchneriella subcapitata)
13. DISPOSAL CONSIDERATIONS
Waste from residues/unused products: In accordance with local and national regulations. Must be incinerated in a suitable incineration plant holding a permit delivered by the competent authorities. Do not allow material to contaminate ground water system. Do not contaminate surface water.
Contaminated packing: Do not re-use empty containers. Do not contaminate ponds, waterways or ditches with chemical or used container.

14. TRANSPORT INFORMATION
Specific safety measures and conditions on transport
The cautions which should be taken during transportation are same as the cautions mentioned in Section 7. In case of accidental release or fire during transportation, see the instructions given in Section 5, 6, 7 and 8 above.
UN No. : Not applicable
UN CLASS : Not applicable

15. REGULATORY INFORMATION
Other regulatory information
Follow all regulations in your country.
OAT Agrio Company Limited is not able to check up the regulatory information in regard to this product in your country or region. Therefore, we request this matter would be filled by your responsibility.

16. OTHER INFORMATION
Reference
OAT Agrio’s published and unpublished data

Limitation of our responsibility
This Safety Data Sheet is prepared based on a limited source of OAT Agrio’s data and available references. This Safety Data Sheet is being furnished to the immediate purchaser of the material to which it refers without representation or warranty as to the completeness or accuracy of any information of recommendations contained herein.
This Safety Data Sheet is not intended to create any liability of any kind on the part of OAT Agrio Company Limited. This Safety Data Sheet is furnished upon the express condition that all persons receiving it will make their own determination as to its suitability for their purposes prior to use as well as its suitability for actual conditions under which the product will be used, processed, transported or deposited. This Safety Data Sheet is furnished also upon the express condition that OAT Agrio Company Limited shall be indemnified and held harmless by the purchaser, user, transporter and keeper of the material from any damage, loss or expense suffered from any claims of third parties against OAT Agrio Company Limited arising from or in connection with any use, transportation or storage of the material. Responsibility for compliance with applicable federal, state or local regulations concerning dissemination of the Safety Data Sheet and sale and use of the material to which it refers rests solely upon the purchaser.
